More than 160 people attended the first annual Mother-Daughter banquet Friday evening at the First Methodist Church of Torrance. There were several families in attendance where three generations were represented.

A Graduate Takes A Bow Loves His Dog Food Gift

It's Spring and graduation time isn't too far off for many students. But "Duke," a black standard poodle owned by Dr. and Mrs. Warren Hamilton, 1727 Fern Ave., has already graduated—from his obedience class, that is.

What's more, he graduated with honors. He won first place in the obedience test. Duke, who is 18 months old, is more formally known as Poodhey's Black Shadow. He received his training under instructor William Nannery at the Palos Verdes Bird

Farm. The course includes all kinds of instruction to make "ladies and gentlemen" out of the four-legged members of society. The lessons learned also prepare them for exhibition in the show ring.

The students in Instructor Nannery's class learn six commands and they are scored on each. Each student has a score card and are able to earn a possible 200 points overall. The commands include Heel on Leash, Stand for Examination, Heel Free, Recall, Long Sit and Long Down. A special six-foot lead is used and a slip collar.

"An educated dog, especially a large one, makes a much more acceptable pet with your friends and family," according to Mrs. Hamilton, who advocates training and obedience classes. Patience and at least an hour a day for "home work" will result in "honored students" in the dog world. Also, first prize winners receive very gratifying rewards—a huge bag of dog food.

SPECIAL ATTENTION... to a graduate is being given by Ann Hamilton to her prize cocker who just received his certificate from an obedience school. Ann, who is 10 years old, is a member of the Intermediate Girl Scout Troop 2077. A big bag of dog food was a special gift to this handsome canine. He resides with the Warren Hamiltons at 1727 Fern Ave.
